Special Instructions

(that will be on front page of Final Exam)

SPECIAL INSTRUCTIONS:

- 1. Make sure to print your name and student number in the space provided above.**
2. Fill the designated spaces on the scantron sheet provided.
3. Make sure to indicate your name, the test version, and your student ID number in the appropriate spaces on the scantron.
4. Make sure to fill out on the scantron the test version you actually completed.

Special Instructions (2)

5. For the MC questions, your test will not be regraded if you completed a test version other than the one indicated on the scantron. Your mark will then stay as is.
6. Only the answers provided on your scantron will be considered for the grading of the MC questions.
7. Aides of ANY type (lecture notes, textbook, calculator, etc.) are NOT allowed. Students found with unauthorized electronic devices (cell phones, etc.) during the exam will automatically receive a 15% penalty on their final exam mark, regardless of circumstances.

Final Exam

- **Test Format:** 2.5 hours and 100 multiple choice questions
- **Coverage:**
 - Key concepts from the online modules: a question will be drawn from each podcast
 - Key concepts from all the Lectures (2 to 18) inclusively; questions drawn equally from each lecture
- **Exam worth 30% of the grade in the course**

Exam Preparation – Hints!

- Review notes carefully from lecture/podcast/ECHO360 captures!
- Use Key Concepts from lectures and podcasts (units) as study guides
- Should know definitions, major ideas, key examples, statistics and trends – **within these key concepts**
- **THINK while reviewing!**

Exam Writing Hints!

- **Organize your time**
 - take 5 – 10 minutes to read paper and ‘settle in’
 - work out how much time you need for each question
 - don’t go over time on any one question
 - if any extra time, read and check through answers
- Read the questions carefully
- **Don’t panic – there’s always something you can do!**

Good Luck!
