The Topic selected is <u>clearly</u> one of the following (check the one that applies)		
<input type="checkbox"/> Our current economic system, based on the consumption of goods and services, cannot be replaced by one that is less wasteful.		
<input type="checkbox"/> Countries in the developing world should be allowed to dispose, for profit, of toxic wastes shipped to them from developed countries.		
<input type="checkbox"/> In the face of climate change, countries which are large emitters of greenhouse gases should be legally bound to reduce their emissions by mid-century.		
<input type="checkbox"/> Canada is an international leader in the development of sustainable fisheries.		
<input type="checkbox"/> The economic benefits from the development of pipelines carrying oil from the Alberta Oil Sands to the East and West coasts outweigh the environmental concerns.		
<input type="checkbox"/> In order to protect its biodiversity, Canada should forbid entirely public access to its National Parks.		
Selection of the Topic for the Term Paper (circle the option that applies the best)		
The outline <u>clearly</u> states why the topic was selected and provides sufficient details about the motivation for choosing the topic	YES	NO
Thesis of the Term Paper (circle the option that applies the best)
